

VINOS PARA TODOS

The mission behind the wine list here at Ojo is to express our vision of contemporary Mexican cuisine, set across Bangkok's iconic skyline: the wines here speak to the culinary heritage and flavors of Mexico and Thailand.

They are wines meant to elevate and intensify the bright and dramatic flavors that we love on our plates, allowing us to feel them in the glass as well. Our list focuses on small producers making wine ethically and sustainably, some of which we are lucky enough to know personally and have shared in their endeavors.

We have organized this list stylistically to make your wine selection feel more personal. The wines are arranged in a way so that you might choose what wine experience you want to have based on a spectrum of flavors, textures, and styles; they range from the classic and traditional to the more modern and eclectic.

LAST ONES LEFT

A compilation of odds, ends, and hidden gems

LastOnesLeft is a way for us to share some special, unique (and not to mention highly discounted) bottles of wine from deep within in our cellar. A lot of these bottles are from older vintages or from off the beaten path, so it's a fun opportunity to find some rarities that might not be making an appearance again soon.
Happy hunting !
